CREATING CARING CHILDREN PARENTING PROJECT

The goal of this project is to promote healthy socio-emotional development in young children. This project is designed to serve approximately 480 parents of children 0 to 3 years of age to help them develop healthy communication habits and life skills such as violence prevention, peaceful resolution, and anger management. Parents receive a one 3-hour interactive training session on the Creating Caring Children research-based curriculum developed by the Peace Education Foundation. The training sessions are facilitated by the Peace Education foundation staff, and are offered in English, Spanish, and Creole. Upon completion of the three hour session, participants receive a Creating caring Children book and an incentive for attending. A meal and child care is offered during the training session. Training sessions are free of charge.

HEALTHY START PROGRAM

The Florida Healthy Start Initiative was designed to reduce infant mortality, reduce the number of low-birth weight babies and improve health and developmental outcomes. Florida Statute mandates that all pregnant women be offered the Healthy Start Prenatal Risk Screening at their first prenatal visit and the Healthy Start Infant (Postnatal) Risk Screening be offered to parents or guardians of all infants born in Florida before leaving the delivery facility. The Coalition is granted authority under Chapter 383.216, Florida Statute to implement the provision of the Florida Healthy Start Initiative, which include directing funds for continuous care coordination to pregnant women and children birth to age 3, evaluating services, and quality improvement, and assurance responsibilities.

MOMCARE EDUCATION PROGRAM

This program offers childbirth, parenting, breastfeeding and interconceptional education classes to clients. The clients are pregnant women and their families and parenting women and their families that have been referred to the MomCare Program. Clients that are referred to the MomCare Program are pregnant women who qualify for Sixth Omnibus Budget Reconciliation Act (SOBRA). SOBRA is a special Medicaid waiver from the Federal Government that covers pregnant women whose household income is between 150% and 185% of the poverty guidelines, essentially the uninsured working poor. The purpose is to improve birth outcomes, increase bonding and attachment behaviors, prevent abuse and neglect, support the initiation of breastfeeding, and promote baby spacing.

MOMCARE PROGRAM

MomCare is a Medicaid-funded program authorized by a special waiver from the federal government. MomCare was developed through a partnership of the Florida Healthy Start Coalitions, the Florida Department of Health, the Florida Agency for Health Care Administration, and the U.S. Centers for Medicare and Medicaid Services. MomCare seeks to improve birth outcomes and infant health by providing the following services to Medicaid-eligible pregnant women: simplified medicaid enrollment; choice counseling for selection of maternity care providers; care management to assist with initiation and use of prenatal care; and Healthy Start services for at-risk women.

PROMOTION AND PREVENTION SERVICES - EDUCATION OUTREACH AND COMMUNITY AWARENESS PROJECT FOR A "HEALTHY START"

Healthy Start's vision is to reduce infant mortality and morbidity, to improve pregnancy outcomes, and to enhance the health and development of children birth to age 3. Healthy Start offers universal prenatal and infant risk screening, care coordination, wraparound services, and increases access to comprehensive maternity and well-child care. This projects employs a series of strategies aimed at improving the community's knowledge about Healthy Start services and how those services can impact the rates of infant mortality, pre-term births, improvement of pregnancy outcomes, and promote the enhanced birth and development of children ages birth to age 3. The primary component of this project is education and outreach to prenatal care providers to encourage the offering of Healthy Start pre-natal risk screens.
